

Attention Starz Affiliate:

Starz will be transitioning our linear broadcast signal to a singular satellite delivery, using our primary satellite, **Galaxy 37, Transponder 17**.

The following West feed channels will migrate to Galaxy 37, Transponder 17 (please refer to the attached channel information sheet for technical specifications):

- Starz West
- StarzEncore West
- StarzEncore Westerns West

As part of this transition, Starz will no longer provide authorizations to the following satellite/transponder Galaxy 33, Transponder 20.

Effective June 11, 2026, the West feeds for the following STARZ, STARZ ENCORE, and MOVIEPLEX channels will be discontinued:

- Starz Cinema West
- Starz Comedy West
- Starz Edge West
- Starz Kids & Family West
- Starz inBlack West
- StarzEncore Action West
- StarzEncore Black West
- StarzEncore Classic West
- StarzEncore Family West
- StarzEncore Espanol West
- StarzEncore Suspense West
- Movieplex West
- Indieplex West
- Retroplex West

Please see below for key dates and required actions:

- Beginning April 20, 2026, Starz will initiate the transition of affiliates to Galaxy 37, Transponder 17, channels 1–20.

- The updated Starz satellite lineup is available for download at the Starz Affiliate website:
<https://affiliate.starz.com/resources-faqs>
- **Affiliates are required to schedule a transition window.** Appointments are available Monday through Friday, 8:00 AM – 5:00 PM MST, between now and June 11, 2026. Please contact affiliatesupport@starz.com to schedule your transition.
- At the scheduled time, ensure your receiver is properly cabled to the correct RF input and tuned to the appropriate satellite. Refer to the attached quick installation guide for instructions.

*** Please note: Existing East feed authorizations on Galaxy 37 will not be affected. All STARZ, STARZ ENCORE, and PLEX East feeds will continue without interruption.*
